Day 1 – Podcast Session: Career Growth, Personal Branding & Professional Development

Proof of Participation

Note

The official **Alkhidmat Foundation Pakistan YouTube channel** contains **two separate livestream uploads for Week 4 – Day 1**. To ensure that no important discussion or learning point was missed, I reviewed both recordings and prepared a **combined report** that summarizes the complete session, including the key topics, learnings, and outcomes.

Session Overview

The first session of Week 4 was conducted in a podcast format, hosted by **Ahmed Fozan**, with **Mr. Umer Ghumman**, an entrepreneur and business leader, as the guest speaker. The session focused on career development, personal branding, leadership, volunteerism, networking, and preparing young people for future professional opportunities. Through an engaging discussion, the speakers shared their personal experiences, practical career advice, and valuable insights on building skills, creating a strong professional identity, and making the most of internship experiences. The session concluded with a motivating message encouraging interns to take ownership of their careers, continue learning, and contribute positively to society.

Key Topics Covered

Topic 1: Career Mindset & Value Creation

The speaker emphasized that students should focus on developing valuable skills instead of simply chasing job titles. Continuous learning, consistency, practical experience, and the ability to solve real-world problems were highlighted as the foundations of long-term career success. Interns were encouraged to become individuals who create value for organizations and society.

Topic 2: Personal Branding & LinkedIn

A major part of the discussion focused on personal branding and maintaining a professional digital presence. The speakers explained that LinkedIn should not only be used when searching for a job but should be maintained regularly to showcase achievements, projects, certifications, internships, and professional growth. They also discussed how a strong personal brand builds credibility, attracts opportunities, and helps professionals stand out in today's competitive job market.

Topic 3: Internship, Volunteerism & Professional Growth

The session highlighted the importance of internships and volunteer work in developing leadership, teamwork, communication, empathy, problem-solving, and decision-making skills. The speakers explained that volunteer experiences provide practical exposure that complements academic knowledge and prepares students for future careers while also creating a positive impact on society.

Topic 4: Networking & Professional Relationships

The speakers encouraged interns to actively build meaningful relationships with mentors, professionals, and fellow interns. They explained that networking creates valuable opportunities for learning, collaboration, mentorship, internships, and future employment. Maintaining professional connections and participating in meaningful conversations were described as essential parts of career development.

Topic 5: Entrepreneurship & Leadership

Mr. Umer Ghumman shared valuable insights from his entrepreneurial journey, explaining the importance of taking initiative, accepting responsibility, and building a positive workplace culture. He encouraged interns to focus on leadership, continuous improvement, and finding solutions instead of waiting for ideal circumstances. The discussion emphasized resilience, self-belief, and creating opportunities through consistent effort.

Topic 6: Continuous Learning & Personal Development

The session concluded by motivating interns to remain lifelong learners, adapt to changing technologies, step outside their comfort zones, and continuously improve themselves. The speakers stressed that discipline, consistency, resilience, and a positive mindset are essential qualities for achieving long-term personal and professional success.

My Learnings

This session helped me understand that career success is built through continuous learning, practical experience, and a positive growth mindset. I learned the importance of building a professional personal brand, especially through platforms like LinkedIn, and how maintaining a positive digital presence can create future career opportunities. The discussion also showed me that volunteering develops valuable soft skills such as

communication, leadership, teamwork, empathy, and confidence. I also realized that networking, taking initiative, and consistently improving my knowledge and skills can open many professional opportunities and help me achieve my long-term career goals. Most importantly, I learned that success depends on creating value, remaining adaptable, and taking responsibility for my own professional growth.

Outcomes

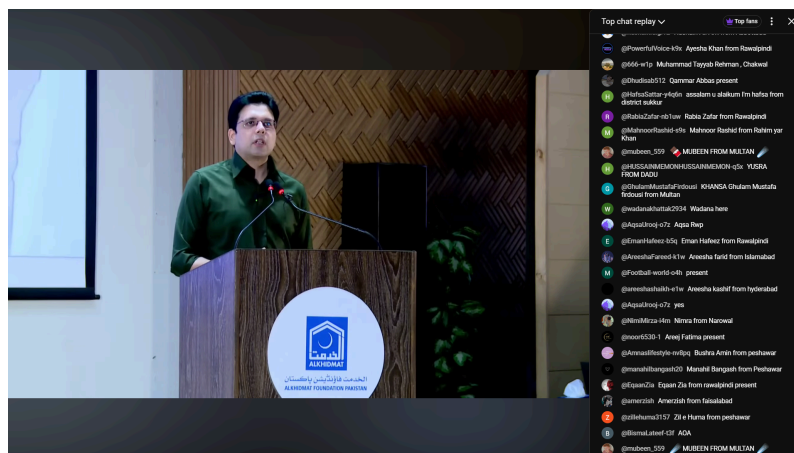

After attending this session, I developed a clearer understanding of career planning, personal branding, and professional development. I became more motivated to strengthen both my technical and soft skills, actively participate in internship activities, improve my LinkedIn profile, and build meaningful professional relationships. The session also encouraged me to embrace continuous learning, remain resilient in challenging situations, and confidently prepare myself for future academic and career opportunities while contributing positively to society through volunteer work.

Assignment Work

No assignment was given during this session.

Day 2 – E-Commerce & Digital Entrepreneurship Session

Proof of Participation

Session Overview

The second session of Week 4 featured **Mr. Saqib Azhar**, CEO of Enablers and a well-known entrepreneur and Amazon consultant. The session focused on e-commerce, freelancing, digital entrepreneurship, and skill development. Mr. Saqib Azhar shared valuable insights on how young people can build successful careers through online businesses and digital skills instead of relying only on traditional employment. He also discussed the importance of identifying one's strengths, developing practical skills, and creating long-term career opportunities through continuous learning and entrepreneurship. An interactive Q&A session allowed both physical and virtual interns to ask questions and gain practical guidance from the speaker.

Key Topics Covered

Topic 1: E-Commerce & Digital Business Opportunities

The speaker introduced interns to the growing world of e-commerce and explained how platforms such as Amazon and other online marketplaces have created opportunities for individuals to build successful businesses. He encouraged interns to learn digital skills that can help them generate independent sources of income.

Topic 2: Freelancing & Entrepreneurship

Mr. Saqib Azhar explained the importance of developing an entrepreneurial mindset instead of depending solely on conventional jobs. He encouraged interns to discover their interests, choose a specific niche, and continuously improve their skills to build sustainable careers in the digital economy.

Topic 3: Value of Social Internships

The session compared social internships with traditional corporate internships. The speaker highlighted that volunteer programs like Alkhidmat provide meaningful learning experiences by developing leadership, communication, teamwork, and problem-solving skills while serving the community.

Topic 4: Skill Development & Career Growth

The speaker emphasized that continuous learning, adaptability, and practical experience are essential for long-term career success. Interns were encouraged to remain curious, improve their skills regularly, and take advantage of learning opportunities throughout the internship.

Topic 5: Interactive Q&A Session

The session concluded with an interactive question-and-answer segment where both physical and virtual interns asked questions about freelancing, entrepreneurship, digital skills, and career planning. The speaker provided practical advice and encouraged participants to stay focused on their goals and continue learning.

My Learnings

This session helped me understand that digital entrepreneurship and freelancing provide excellent career opportunities for today's youth. I learned the importance of selecting one skill or niche and consistently improving it instead of constantly changing directions. The discussion also showed me that internships and volunteer work help develop valuable soft skills such as communication, leadership, teamwork, and problem-solving. I also realized that success requires continuous learning, self-discipline, and the willingness to take initiative. The speaker's guidance motivated me to explore digital opportunities, strengthen my technical skills, and build a career based on practical knowledge and lifelong learning.

Outcomes

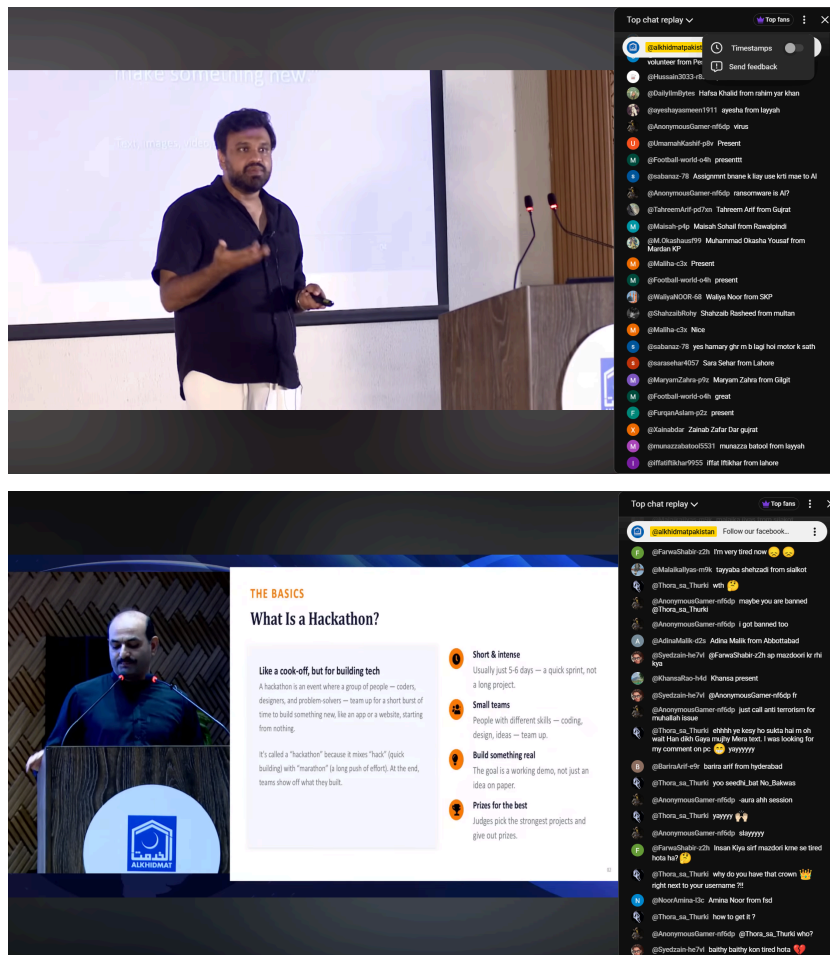

After attending this session, I gained a better understanding of e-commerce, freelancing, and digital entrepreneurship as potential career paths. I became more confident about developing market-relevant skills and exploring self-employment opportunities. The session also strengthened my understanding of the value of volunteer work, continuous learning, and maintaining a growth mindset. Overall, it encouraged me to focus on skill development and prepare myself for future career opportunities in the digital economy.

Assignment Work

No separate assignment was given during this session. Interns were instructed to submit their weekly report, maintain attendance, and continue participating actively in the remaining internship sessions.

Day 3 – Youth Empowerment & National Innovation Initiative

Proof of Participation

Session Overview

The third session of Week 4 focused on youth empowerment, community engagement, and innovation. The session began with the official Alkhidmat anthem and recitation from the Holy Quran, followed by an interactive training session with guest speakers. The trainers encouraged interns to take an active role in serving society and explained how young people can contribute to national development through innovative ideas and community projects. Towards the end of the session, the organizers introduced a nationwide Startup & Innovation Competition with a total prize pool of **PKR 1.7 Crore** and encouraged interns to promote the opportunity within their communities.

Key Topics Covered

Topic 1: Youth Empowerment & Community Leadership

The speakers highlighted the importance of youth participation in community development. They encouraged interns to become responsible citizens by taking initiative, developing leadership qualities, and contributing to meaningful social projects.

Topic 2: National Startup & Innovation Competition

The organizers introduced a national innovation competition with a total prize pool of **PKR 1.7 Crore**. They explained that the competition aims to identify innovative ideas from talented individuals across Pakistan and provide them with opportunities for mentorship, funding, and growth.

Topic 3: Digital Outreach & Community Mobilization

Interns were instructed to act as digital ambassadors by sharing the official registration link through WhatsApp, social media, and university groups. The speakers emphasized that spreading awareness about valuable opportunities is also a form of community service.

Topic 4: Social Responsibility

The session emphasized that every volunteer has a responsibility to help others access opportunities. By sharing information and encouraging participation, interns can create a positive impact within their educational institutions and local communities.

My Learnings

This session taught me that volunteering is not limited to physical activities but also includes spreading awareness and connecting people with valuable opportunities. I learned that effective communication, teamwork, and digital outreach can significantly increase the impact of community initiatives. The announcement of the national innovation competition also motivated me to stay informed about opportunities that support youth development and entrepreneurship.

Outcomes

After attending this session, I developed a better understanding of community mobilization and the importance of promoting educational and entrepreneurial opportunities. I also learned how social media and digital platforms can be used responsibly to benefit society. The session inspired me to remain proactive in sharing useful information and participating in initiatives that contribute to national development.

Assignment Work

The organizers asked interns to promote the registration link for the national Startup & Innovation Competition by sharing it through WhatsApp statuses, university groups, and social media platforms so that more eligible students could benefit from the opportunity.
